WALSH SAYS YANKS ARE DEFINITELY OUT

Cochrane, Foxx, Simmons and Haas Make Connie's Team Feared

Continued from Page if The Yanks, winning two in a raw from the Tigers yesterday, ran then linch into 10 victories in the list 21 games for a percentage of .768. That moving faster than a hysbyrnghil product, yet they have tooked the part of an ice wagon coming home from a laird day outside the shop of Mr. Sweetier, the popular barber. Why's Because, good as they are, it happens that they are being pared by a club that is, before, much better, I admit that they fall has been a suck mont, that that Pennock isn't the man he was and that Nort has lost everything except his appellite since June 20 that has ing conceded all of this, I full to see where it proves mything on a club that moves at a 760 pace through the month just concluded. It simply means that, in all the mondiff hysteria over the supposed death of a great club, that another and mythins better one has risen in

ed upon to approve very heartily

Some Club. 1 Some Club, \(\)
They can start right in now with his club and feel perfectly safe about it. How can anyone go wrong about in outif that has one earcher. Cochine, who ranks with immortals like Schalk. Kling and Bresuthan, and nother. Perkins, who would be a rest-stringer with any other club in ureball? That has one good infield daying ball and another sitting on the ench? That has a pitcher like Grove, who ought to be the first man in all who ought to be the first man in all most 10 years to win 30 games, and latters like Cochrane, Fox., Hazand Simmons? That has the best utility man in the game in Dykes and inter changeable parts in Foxx and

No. this crowd won't go wrong h No, this crowd won't go wrong he canse it simply can't. They are the kind that grow on one like a neglect-ed beard and it wouldn't be exactly astounding it we see some learned comparisons with the "Old Cults," the 'Old Athletics," and the "Old Yunks," before another year rolls in. And I'm not so sure that they won't deserve it.

How I Dreaded Button Sewins UNTIL

One day I bought a PRIMA-

THE great big rolls just squeezed the water out-L drying even the thin edges of the garment and that huge soft roll just rode over the buttons seemingly so carefully that not a one was broken-not one was removed.

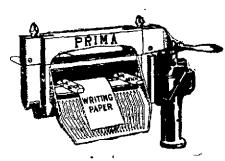

No folding under—just helter skelter through that big squeezing roll—and the buttons just as snug to the garment after as before.

And now no stack of clothes waiting for buttonsonly the few the kiddies have torn off in their energetic, romping play.

with NEVERCRUSH

> SOUEEZE DRYER

NEVERCRUSH is the only practical forward step offered by the industry for drying clothes for the line. How it saves your time and the buttons-how it makes ironing casier-why the rolls stay clean -why it dries the whole garment, even the edges-why it does not button cut—these and many more important items we can show you-proving positively the superiority of the Nevercrush principle.

Lraining schools fit the new SOHIOAN for larger responsibilities; teach him SOHIO standards of service

N the photograph above are a group of new Standard Oil of Obio I employees at the training station at 89th Street and Carnegie Avenue, Cleveland.

Many such training stations are scattered throughout the State. Here new service station employees are instructed in Sobio standards of service and courtesy; here they are taught, by veterans in the service of this great Ohio institution, what the organization of their-fellow workers has catablished as standard practice for Sohio employees.

In this group of young men may be Standard Oil excentives of the future. A number of the Company's officials have risen to their present, positions from service station pump and grease rack. Beery effort is made to belp the capable and the ambitious Schioan to promotion,

Notice the courteous attention to your needs shown by Sohio station attendants. These men are suthesiastically working for promotion is the manufacturing departments, in our great Cleveland, Toledo and Latonia refineries the same outheriesm exists. Ballooning Wheat Prices.

Advices from Chicago are to the effect hat prefictions of \$1.76 or two doller wheat are now as commonly made as were predictions of eights or ninety cent wheat at the val! to bas

Certainly these current predictions are not ubolly ulthout justfication. It would be hord to recall a year when there was so marked a change in so short a portlod in where prospects Within sixty days wheat has riven from the vicinia of the dollar mark and gone as high as \$1 67%. It is only fair to say however that the latter quotation was exceptional the average high mark he ing about \$150. But the market since the early part of June has been markedly bullfah and has munificated some stelling jumps Wednesdays highest quotation was \$1 3216 but there was a bearish movement on despite continued reports of reduced estimates from the Canadian wheat provinces and our one Great Northwest

The explination is very simple. The outlook in Montana and the Dakotas almost as had as in the three western Canada provinces and the altention in the other whool growing states of the Great Northwest is not much better It is this situation in these wheat growing districts of our own land and across the border in Canada which has brought cheer to the wheat growers of the Central states and the Middle West shore bumper crops are the rule

How's this for a hot-weather dinner?

One of these evenings, when you're exhausted from the heat and nothing tastes good, how would you like to sit down to a dinner like this? An ice-cold fruit cup, jellied chicken and ham, a saled of crisp lettuce with a stuffed tomato in sapic. And, for dessert, a strawberry sundae.

Tempting, isn't it? And so pleasantly easy to prepare. Then your General Electric Refrigerator will do the rest.

Fifty degrees is accepted by scientists as the "danger point" in the preservation of food. When the esperaturo riaco eren a degres

or two above that, bacteria multiply, foods become unsafe to cat-a menace to health. In the General Electric Refrigerator the temperature is automatically kept several degrees below fifty—always.

Now, in addition to all its previously proved superiorities, General Electric offers an all-steel warp proof cabinet! There are now more than 300,000 General Electric Refrigerator users and not one has spent a single dollar for repairs.

> Prices on the new all-steel models start at \$215 at the factory. See them at our display rooms.

Let the world's great buildings show you how to clean and preserve

paint and enamel

They've used a special product on these costly surfaces for 25 years WYANDOI1

It's now at your store

THE very reasons why famous hotels, office buildings and hospitals use Wyandot exclusively for printed and enameled surfaces are the reasons why you should too Your home costs less to maintain, but it is every bit as important

Years ago the managers of great buildings discovered the extravagance of using "pot-and pan" cleansers on expensive surfaces They came to The J. B Ford Company, the world's largest manufacturers of special cleansing products. For them Wyandot was created Its remarkable qualities have never been duplicated-it has been used exclusively ever since in foremost buildings here and abroad.

Now this safe specialized cleaning help-tried and proved-is offered to you in convenient package form. It contains no caustic sods or harsh abrasives-never scratches. Quickly cleans the most delicately painted or enameled surfaces. Keeps bathrouses and kitchens immaculately white, clean, sanitary. Saves time and energy. Can't burt the hands or anything water itself won't harm. Cents

In tests it has wiped clean the smudged-in dirt from a white door 143 times before microscopic inspection showed slightest wear. Your unaided eyes easily see what ordinary cleanters do to paint and enamel in less than half that num-

ber of cleanings
Use Wyandot for a new experience new cleanings. Try it the sext time you clean house, You'll want it always, Your grocer has Wyandot Large can only also Results.

The use of Wyander by the hospitals, hotels and institutions of your city is a guarantee of its esticlency

The Big Party Get Ready To Be Present!

If you read, in yesterday's "Star" about the coming "BIG NEWS" of a big party you guessed of course, that nobody but Schern's would ever think of such a friendly goodwill event as a party. And say, folks, it's going to be just the greatest happlest party you ever saw. Positively not a sale nothing commercial about it! Just a real social event—Schern's entertaining your your family, and all your friends, your friends.

There'll be many joyful surprises for you! You wouldn't miss this party for the world—so don't make any other dates for Saturday or Saturday evening. Watch tomorrow's "Star" for Scherff's Anal invitation to the big party! Then COME

Is Your Ship Coming In?

UNDREDS of Marion people are working to earn some very easy Vacation Money in the great advertising contest which is now running in the Star. There will be one thousand dollars in cash prizes.

It looks so easy that many contestants are looking for the "catch" in it. Of course, there isn't any. There are ninetyeight slogans on the contest pages. All you have to do is answer four easy questions about each slogan and write 100 words or less about one of them. Nothing to buy. Nothing to subscribe for. Just a little pleasant fun.

And the First Prize is Five Hundred Dollars!

NO MIDDLEMAN'S PROFIT

Perfect Fitting ... Fashionably Correct in Styling

So fashionably smart that no one could guess what you paid ... That's why men, who can easily afford to pay more, are

so completely satisfied with Richman's Clothes.

They know that a higher price cannot buy a better interpretation of authentic style, nor a hetter fit, than Richman designers

They had paid \$50, or more, for fabrics of the same quality that is provided by Richman's annual 4,000,000 yard cash buying capacity...

They find no fault with the workmanship, for there are few tailoring organizations that can match the skill and artistry of 3800 Richman craftsmen who own millions of dollars worth of stock in this company.

So we ask again-"Why pay more than Richman's price for less than Richman quality?"

With renewed interest and energy after their vacations with pay, our 3800 employes, employed at our Cleveland and Lorain factories, return to work this week to make Richman's Clothes even finer and better than ever before.
